Directors Note

I've been loosely involved in theater for a while now, but this was a complicated new experience for me. I would like to both thank the cast for dealing with me and also apologize to the cast for dealing with me these past few weeks while I try to figure out how to do any of this. Thankfully, I have a very talented co-director with at least a slightly better idea of what to do in her head, so thank you, Abby. I don't have an inspirational theater quote or relevant life story, I'll just simply say I like this show. The cast and crew have all worked hard to make this come together and it's been both incredibly gratifying and somewhat terrifying to see everything fall into place.

- Thanks, y'all, Caiden Ray

This is the second show I've directed under Pinecrest Players, and I am so grateful to have had the chance to involve myself in theater this way. Big thanks to Adam Faw for giving the seniors this opportunity and letting us run with it. Thank you to the cast for putting up with all my wacky ideas, and thank you to Caiden for supporting my need to have a daily schedule. Everyone has put so much time and energy into making this show happen, and I'm very excited to showcase all the work we've done.

- Abby Grissom

There will be a brief 15-minute intermission at the end of Act 1.

Note to Faw

Mr. Faw,

From the seniors whose high school experience did not look like what we imagined or hoped it would: thank you. You have done everything in your power to foster a welcoming and genuinely fun environment every day, even during times when live theatre felt like a thing of the past. We have been so lucky to have the opportunity to learn and grow under your guidance. We will take the lessons you have taught us and go out into the world as better actors and people. There aren't enough "thank yous" in the world to convey our sincerest gratitude. Thank you and we love you.

- Class of 2022

"Theatre doesn't last, only in people's memories and in their hearts. That's the beauty and sadness of it. But that's life. Beauty and sadness. And that's why theatre is life."
