

Avery Brown

Second Product Proposal: Directing

Artifact 1: Rehearsal Schedule/Pictures

- I would put rehearsal pictures starting from first period on May 12th through Wednesday the 17th after school rehearsal. I would describe what we did in rehearsal, pictures, and what teacher supervised.

Artifact 2: Final Dress Rehearsal/Photo Call

- I would take pictures of me running the light board. I would also take pictures of scenes where I wouldn't run the board for a while. I would also take notes and talk to the cast and crew after we are done with the final dress rehearsal and before dinner.

Artifact 3: Tech week/Backstage organization

- Take pictures of where set pieces are backstage for the entrances, take pictures of where props are on the SL, SR, and CS prop tables. Diagram of where set pieces/props are backstage and where the entrances/exits are. I would take notes for crew during transitions and how long they need to be.

Artifact 4: Strike

- I would make a diagram of where we need to put set pieces, props, and costumes in each respective area. I would also take pictures of taking down the widow with the curtains, putting the Dummy Prof in my car, returning the bed to North Moore with Sirela, etc.
